I. REDEVELOPMENT VISION

The OKLAHOMA CITY URBAN RENEWAL AUTHORITY ("OCURA") invites the submission of written proposals from qualified developers ("Redeveloper") for the purchase and redevelopment of all or a portion of land owned by the City of Oklahoma City, depicted in Exhibits 1 and 2 below. The sites are located along the north side of the Oklahoma City Boulevard (currently under construction) between S. Robinson Ave. and S. Shields Ave. and are located in the Central Business District Urban Renewal area.

OCURA envisions an entertainment-based use that will complement arena activities and support surrounding land uses.

Exhibit 1: Site Location Map
These sites represent a unique development opportunity. They are located in the central business district along the new Oklahoma City Boulevard and just south of the Chesapeake Energy Arena where the Oklahoma City Thunder NBA team plays. During 2017, the Chesapeake
Energy Arena held 77 events at the arena, 46 of which were Thunder basketball games. A new Omni Hotel is under construction across the Boulevard from the site. The Omni Hotel will feature 605 guest rooms, seven dining outlets, an expansive pool deck with event space, retail, 78,000 square feet of indoor and outdoor meeting space and a Mokara Spa. Completion of the Omni hotel is anticipated by late 2020.
The Omni will serve as the headquarters hotel for the new Downtown Convention Center, which is under construction directly to the south of the Omni and is anticipated to be complete in the summer of 2020. The new convention center will feature 200,000 sf of exhibit space, 45,000 sf of meeting space and a 30,000 sf ballroom.

![Exhibit 5: MAPS 3 Downtown Convention Center](image)

Also across the Boulevard from the subject site, a new mixed-use apartment project has been proposed, called Boulevard Place (Exhibit 6). The proposal contains a 7-story residential tower with approximately 241 units ranging from studio to three bedroom apartments. The development also contains around 11,000 square feet of retail square footage along the Boulevard. Proposed tenants include shops, restaurants, and a daycare center that would serve the daycare needs of Downtown Oklahoma City employees and residents.

![Exhibit 6: Boulevard Place Proposed Development](image)
To the southwest along Robinson Avenue, construction is well underway on the 70-acre Scissortail Park. Completion of the north 40 acres of the park will occur during the summer of 2019 and will include a café, lake, amphitheater and more.

Within a short walk from the sites are additional destinations such as the Myriad Botanical Gardens, the Oklahoma City Museum of Art, the Chickasaw Bricktown Ballpark (home of the Oklahoma City Dodgers baseball team) and Harkins Theater. Many additional attractions, restaurants and amenities are within close proximity. Within a 15 minute walk is John Rex Charter Elementary School, which opened in August of 2014. The unique charter school places students in the heart of the city for daily exposure to the culturally rich amenities that are only available in downtown Oklahoma City. The OKC Streetcar system is under construction and will run within a block of the sites, providing easy access to downtown districts and their attractions. The streetcar system will be operational by the end of 2018.

The City of Oklahoma City Council has authorized OCURA to issue a request for proposals on the properties. The selected redeveloper will work with OCURA and the City to determine the optimal layout of the site and division of the property, if necessary.

Proposals to redevelop these sites should articulate plans for a high-quality development that will contribute to the continued reinvestment, economic development and revitalization of Downtown Oklahoma City and the Core to Shore area. There has been a significant amount of public investment surrounding the two sites. The development must make significant contributions to increase the density, vibrancy and sense of community to compliment that
public investment. Strong preference will be given to proposals that demonstrate high-quality design.

II. LEGAL DESCRIPTION

The legal description is subject to adjustment as to exact boundaries, dimensions, interests and final determination based on a survey. A preliminary survey of the property is attached in Exhibit ‘D’. The property offered will be a portion of the following:

Lots Seventeen (17) through Thirty-two (32), Block Ten (10), as shown on the plat SOUTH OKLAHOMA ADDITION recorded in Book 1 of Plats, Page 16

And

Lots Seventeen (17) through Thirty-two (32), Block Nine (9) as shown on the plat SOUTH OKLAHOMA ADDITION recorded in Book 1 of plats, Page 16

II. REDEVELOPMENT POLICIES AND REGULATORY DOCUMENTS

This site’s redevelopment vision is supported by the following Urban Renewal Authority and City of Oklahoma policy and regulatory documents:

- Core to Shore Urban Renewal Plan
- PlanOKC
- Downtown Development Framework
- Oklahoma City Municipal Code
- Oklahoma City Online Zoning Locater

In 2015, the Downtown Development Framework (DDF) was adopted by City Council to establish a series of Urban Design Guidelines for Downtown Oklahoma City. The DDF reflects comprehensive efforts to define a vision for downtown Oklahoma City so that public and private investment can be coordinated to create a physical environment that defines the world-class downtown envisioned by the City. The DDF includes a series of policies that guide land use, urban design, transportation and infrastructure, which together make up the urban fabric of downtown and its various sub-districts.

The DDF identifies this site as a New Special Destination parcel. This district typology includes concentrations of entertainment, arts and culture, and sporting destinations, with buildings that encompass a wide range of types, from large-scale venues and “big box” retail to historic structures and pedestrian oriented, mixed-use construction. Parking is structured or in open lots. Uses are primarily event venues, retail/dining and hospitality, with some office and housing. The typology is split into three main segments:

(1) Lower Bricktown—a primarily automobile oriented entertainment and shopping area;
(2) The Boathouse District—a sporting and entertainment area oriented towards the river; and

(3) Arena/Convention Center—concentration of visitor destinations including Chesapeake Arena, the existing and future convention centers, and related hotels and supporting uses

Please consult the Downtown Development Framework guide as it establishes additional criteria for how developments should interact with the street and pedestrian zones adjacent to development.

**Zoning Requirements**

![Exhibit 9: The City of Oklahoma City Zoning Requirements](image)

The sites are located in the Downtown Business District (DBD) of the Downtown Design District and falls within a zoning overlay district, the Downtown Parking Overlay (DP), as shown on Exhibit 9. Accordingly, the project will require design review by the Downtown Design Review Committee and should represent the type of redevelopment the DBD District is intended to promote. In The City of Oklahoma City’s (the City) ordinance, the DBD is described as follows:

DBD – Downtown Business District. The DBD District is intended for the conduct of all forms of business activity, including mixed-uses in a single building, within the central area of the City. Development regulations are intended to promote the development and redevelopment of the downtown area in a manner consistent
with the unique and diverse design elements of downtown, ensure that uses are compatible with the commercial, cultural, historical and governmental significance of downtown, promote the downtown as a vital mixed-use area, create a network of pleasant public spaces and pedestrian amenities, enhance existing structures and circulation patterns, and preserve and restore historic features.

The zoning overlay district is described as follows:

DP – Downtown Parking Overlay. Subject to other applicable sections of Chapter 59, property located in the Downtown Parking Overlay District may have off-site off-street parking. Provided certain conditions located in section 59-13400.1.B of the code are met.

In addition to the zoning requirements of the City, it is the goal of OCURA to require high-quality development standards and design principles to lead as an example for future development. Proposals submitted must be conceptually consistent with all of the above policy and regulatory documents.

III. SUBMITTAL REQUIREMENTS

A. CONCEPTUAL DEVELOPMENT PLAN

The Redeveloper shall submit a Conceptual Development Plan which will include the following elements:

1. Conceptual site layout of proposed land uses, onsite pedestrian and vehicle circulation network, storage/service areas, connectivity to adjacent parcels and street system, any internal recreation areas (whether private or open to public) such as plazas, courtyards, play/open space areas and any additional site features proposed. Include schematic plans and other images that convey the proposed plan.

2. Conceptual themes for architecture, landscaping and urban design elements (benches, fencing etc.) Discuss how the development will relate to its context, both in terms of site design and adjacent architecture. Themes can be discussed in written and/or graphic illustrations. Discuss exterior architectural materials proposed. A materials board is not necessary for the submittal.

B. DESIGN OBJECTIVES

1. Development of the site must include high quality design, materials and construction. The architectural character must be attractive and meet the
character of the surrounding sites, both functionally and aesthetically, and be consistent with land use, zoning and regulatory requirements.

2. In addition to high-quality development, the project should achieve sustainability and energy efficiency goals that exceed the minimum requirements of the Building Code. The project should use environmentally-friendly and sustainable principles in project design and construction.

3. An activated ground floor that engages the sidewalk and promotes a positive pedestrian experience must be provided. This could be through retail, restaurants or other commercial space. Priority should be given to the hard corners. Pedestrian and bicycle amenities are important and should be incorporated into the project.

4. Parking for the development, if any, should be placed on the site in a way so as not to detract from the development.

C. MARKET FEASIBILITY OF CONCEPTUAL MASTER PLAN
The Redeveloper shall submit a narrative of two pages or less outlining the market feasibility of the proposed conceptual plan.

D. REDEVELOPER QUALIFICATIONS AND FINANCIAL ABILITY TO EXECUTE A MASTER PLAN

Qualifications of Redevelopment Team

1. List all redevelopment team members, including consultants, and their qualifications to undertake the project.

2. List all projects, completed and/or in progress, by the Redeveloper within the past 10 years. Highlight those most similar to the conceptual development plan proposed, if any, and describe your ability to implement the project. Describe any other experience that involved development utilizing tax increment financing, public partnerships or that have a similar community impact. Discuss which projects, if any, involved a public/private partnership with an entity such as an urban renewal agency, local government etc.

Financial Ability to Execute the Proposed Development Plan

In order to assist OCURA in reviewing the financial capability of the Redeveloper, information will be requested in two tiers. The initial tier must be submitted with the RFP response; the second tier will be requested if the respondent is selected by OCURA as the Conditional Redeveloper (defined in Section K of this RFP).
Tier 1 Submittal Requirements

1. Describe your ability and experience in financing a project of this scale
2. Execution of the financial and credit check forms under Exhibit A of this RFP.
3. A summary project pro forma. Return an electronic copy of the completed pro forma workbook with your proposal. The pro forma should provide an indication of project financing requirements, gaps and financial feasibility.
   • The purchase price for the property must be fair market value. The purchase price terms proposed by the prospective Redeveloper should take into consideration the real estate market in the area, the proposed uses permitted, and the intended use proposed by the Redeveloper. The proposed purchase price for the redevelopment site must be included in the pro forma. A determination of actual purchase price will be made by an independent appraiser selected by OCURA who will be instructed to take into account the same factors in order to arrive at a “fair value” for the property, to determine the final sales price.
   • OCURA will consider proposals which include requests for public tax increment financing (“TIF”) assistance provided that the need and appropriateness is demonstrated by financial and market circumstances. The availability of TIF assistance is solely at the discretion of The City of Oklahoma City and not OCURA.

Tier 2 Submittal Requirements if selected as a Conditional Redeveloper (defined on under Section K of this RFP)

a. If selected as Conditional Redeveloper, OCURA will request detailed documentation of financing commitments. Debt and equity sources must be outlined with their use and timing in the project’s redevelopment cycle.

b. Redeveloper’s financials of the principal or parent company. In the absence of such financials, the tax returns of the principal respondents to this RFP will be requested.

E. TIMEFRAME TO COMPLETE
Include the proposed timeframe to complete the project if chosen as the Redeveloper.

F. GOOD FAITH DEPOSIT
The RFP response shall include a bank certified check or surety bond with a company listed in the latest issue of the U.S. TREASURY CIRCULAR NO. 570. Alternatively, a letter of credit acceptable to OCURA in the amount of $25,000.00 may also be provided. The good faith deposit must be valid for a minimum of 90 days after the RFP submission due date. Unsuccessful RFP applicants will have their deposits returned at the end of 90 days
or when a Conditional Redeveloper is chosen, whichever comes first. OCURA will retain the Good Faith Deposit of the Redeveloper chosen for the project and apply the amount towards the project as negotiated in the redevelopment agreement.

G. SUMMARY OF SUBMISSION REQUIREMENTS

2. Market Feasibility Narrative
3. Redeveloper Team Qualification Narrative

Reviews and evaluations by staff of OCURA and other consultants, public or private organizations or committees requested by the Board of Commissioners will be advisory only. The level of consideration and weight to be given to any review will be determined by the Board of Commissioners of OCURA, and the Board of Commissioners reserves complete and final authority for actions and approvals in connection with the selection process.

I. **OPTIONAL COMPETITIVE NEGOTIATIONS**

The Board of Commissioners may, in its discretion, authorize and direct competitive negotiations with two or more prospective Redevelopers. Such negotiations may be with respect to one or more elements of the selection criteria. Such negotiations will be undertaken by the staff of OCURA in accordance with direction from the Board of Commissioners.

In the event competitive negotiations are authorized, a cut-off date will be established after which no further negotiations will occur and no additional submissions by a prospective Redeveloper will be considered.

A decision by the Board of Commissioners to conduct competitive negotiations will not confer any rights upon a prospective Redeveloper nor create any obligation of OCURA to approve and enter into a redevelopment agreement with a Redeveloper.
J. **OCURA’S RIGHT**

This invitation for proposals shall not create any legal obligations for OCURA to enter into a contract for redevelopment except on terms and conditions it deems in its discretion to be satisfactory and desirable. OCURA reserves the unconditional right, at its sole discretion, to reject any or all proposals submitted for any reason or no reason. OCURA may, at its discretion, waive any informalities, minor defects, or technical inaccuracies in the proposals. OCURA reserves the right to request and obtain any additional information necessary to complete evaluation of the proposals.

K. **CONDITIONAL REDEVELOPER DESIGNATION**

Upon review and evaluation of redevelopment proposals or following negotiations with prospective Redeveloper(s), the Board of Commissioners may grant a “Conditional Redeveloper” designation. This designation will be under such terms and conditions as the Board deems appropriate, to potentially one or more prospective Redevelopers. A Conditional Redeveloper(s) designation will confer no legal rights upon the prospective Redeveloper(s) other than the opportunity to negotiate terms of a redevelopment agreement with OCURA. A Conditional Redeveloper designation may be terminated at any time by OCURA.

L. **PREPERATION AND APPROVAL OF REDEVELOPMENT AGREEMENTS**

The final phase of the selection process will consist of negotiations to outline the terms and conditions of a redevelopment agreement. Site conveyance will be provided by a Special Warranty Deed, subject to such restrictions as required by OCURA. Disposition must take place at or above “fair value” as required by Oklahoma Law. If a negotiation is conducted simultaneously with two or more Redevelopers, the negotiations are to be competitive as to the disposition price and will is one of the criteria involved in making the selection.

Open Records Act and Confidentiality Requirements
OPEN RECORDS ACT AND CONFIDENTIALITY REQUIREMENTS

All materials submitted to OCURA pursuant to this Request for Proposals are potentially subject to the mandates of the Oklahoma Open Records Act (Act), 51 Okla. Stat. §§ 24A.1. et seq. The purpose of the Act is to ensure and facilitate the public’s right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Almost all “records”, as that term is defined in the Act, may be disclosed to the public upon request. Except where specific state or federal statutes create an exception or confidential privilege, persons or entities who submit information to public bodies have no right to keep this information from public access, nor is there any reasonable expectation that this information will be kept from public access. See 51 Okla. Stat. §§ 24A.2.

If you believe that any information you will or may submit to OCURA pursuant to this Request for Proposals is or should be kept confidential under a specific state or federal statute, and therefore, not subject to public disclosure, you must comply with the following:

   a. Place said documents/records in a separate envelope marked “Confidential”. DO NOT label your entire response to the Request for Proposals as “Confidential” – label only those portions of the response that you feel are made confidential by state or federal law as “Confidential”. If only a portion of a document is confidential, please identify specifically the portions of the document you are claiming are confidential. (Under the Oklahoma Open Records Act, a public entity may be obligated to produce documents for public inspection even if the documents contain only a portion of material which is confidential. However, the public entity can redact the confidential portions.)

   b. For each document for which you are claiming a confidential privilege, identify the federal and/or state law that creates said privilege, e.g., for trade secrets, see 21 O.S. § 1732 (Larceny of Trade Secrets) and the Uniform Trade Secrets Act, 78 O.S. §§ 85, et seq.

Please note that OCURA, consistent with § 24A.3(d) of the Act, understands that “personal financial information, credit reports or other financial data obtained by a public body for the purpose of evaluating credit worthiness, obtaining a license, permit, or the purpose of becoming qualified to contract with a public body” is not subject to disclosure under the Act. Financial information requested by this Request for Proposals for evaluating the creditworthiness of the Proposer or the purpose of allowing OCURA to determine if the Proposer is qualified to contract with OCURA should be submitted in a separate envelop and marked as confidential financial information.
Should an Open Records request be presented to OCURA requesting information the Proposer has identified as “Confidential”, the Proposer will be informed and the Proposer will be responsible for defending its position in the District Court, if needed.

If the Proposer fails to identify any records submitted as part of your proposal as “Confidential” by placing them in the “Confidential” envelope AND if the Proposer fails to identify the specific state or federal law creating such privilege, OCURA will assume that the Proposer agrees that said records are not confidential and are subject to public access.
